Workshop 33

Steppin' out -

using the WestOne Resource Development Framework to build your own learning resources

James Taylor, WestOne Services

What's the plan?

Training Forum 2009 Perth Convention Exhibition Centre / Perth WA / 11-12 May

- Introducing the WestOne *Resource Development Framework*
 - *What's it about?*
 - *What does it mean for me?*
 - *What can I do with it?*
- How it all works
- Developing your own goodies

The issue

Training Forum 2009 Perth Convention Exhibition Centre / Perth WA / 11-12 May

Combine:

- A lecturer
- The need for learning resources that are relevant to *their* units
- A cloudy approach as to how to go about the development
- Only 24 hours in a day

A solution?

The WestOne *Resource Development Framework!!*

So what is it?

A convenient and portable CD-based resource that:

- Assists you in building your own print and electronic learning materials
- Walks you through a tested project process
- Provides means to learn more about copyright, instructional design and general resource development

The objectives of the RDF

Training Forum

2009

Perth Convention Exhibition Centre / Perth WA / 11–12 May

- Build VET sector capability
 - Greater skills for lecturers!
- Support the VET sector with access to resources
 - More stuff for lecturers to use!
- Support practitioners in the development of high-quality resources
 - A clearer idea of how to go about it all!

What do you need?

Training Forum 2009 Perth Convention Exhibition Centre / Perth WA / 11-12 May

- A computer
- The *Resource Development Framework* CD
- Microsoft® Word®
- A printer

So how does it work?

Step 1 - Research and analyse

Training Forum

2009

Perth Convention Exhibition Centre / Perth WA / 11-12 May

The first phase in the *Resource Development Framework, Research and Analyse* is all about laying the foundations for your resource.

So what does it look like?

Step 2 - Design

Training Forum

2009

Perth Convention Exhibition Centre / Perth WA / 11-12 May

The second phase in the *Resource Development Framework*, *Design* focuses on building the structure of your resource, as well as looking at copyright implications.

So what does it look like?

Step 3 - Develop

Training Forum

2009

Perth Convention Exhibition Centre / Perth WA / 11-12 May

The third phase in the *Resource Development Framework*, *Develop* is where you'll be building your learning resource, using the structure defined in your *Design* document.

So what does it look like?
