VERSION 2 AUR05 Automotive Retail, Service and Repair

VERSION 1 AUR05 Automotive Retail, Service and Repair

Version Modification History

The version details of this endorsed Training Package are in the table below. The latest information is at the top of the table.

Version	Release Date	Modification History
2	August 2008	<p>Changes include: New Units of Competence</p> <ul style="list-style-type: none"> • AURT335108A Carry out machining operations • AURV281308A Carry out gas metal arc (MIG) welding procedures • AURV223608A Carry out oxy acetylene welding, thermal cutting and thermal heating procedures • AURV223808A Carry out soft soldering techniques • AURTHV317108A Carry out wheel alignment operations (heavy vehicle) • AURTHV301166A Repair engines and associated engine components (heavy vehicle) • AURTHV306666A Repair transmissions – manual (heavy vehicle) • AURHTV307165A Inspect, test and replace transmissions – automatic (heavy vehicle) • AURTHV307166A Repair transmissions – automatic (heavy vehicle) • AURTHV312666A Repair final drive assemblies (heavy vehicle) • AURTHV313166A Repair final drive – driveline (heavy vehicle) • AURTHV315166A Repair steering systems (heavy vehicle) • AURTHV316166A Repair suspension systems (heavy vehicle) • AURTHV404584A Inspect, repair and diagnose alternative fuel systems for heavy vehicle engines • AURTMC315166A Repair steering systems (motorcycle) • AURTMC316166A Repair suspension systems (motorcycle) • AURB211304A Assemble bicycles • AURV232108A Carry out custom graphics design and

		<ul style="list-style-type: none"> layout techniques • AURV232208A Carry out fundamental airbrush application techniques • AURV332308A Carry out custom painting techniques <p>New Imported Units of Competence:</p> <ul style="list-style-type: none"> • MEM5050B Perform routine gas metal arc welding <p>Changes to Units of Competence:</p> <ul style="list-style-type: none"> • AURT409166A Repair hydraulic systems, has been renumbered AURT309166A • AURT203170A Service petrol fuel systems has been altered to include both carburettor and EFI fuel systems and renumbered AURT203170B • AURT303166A Repair petrol fuel systems has been altered to include both carburettor and EFI fuel systems and renumbered AURT303166B • AURT403145A Overhaul petrol fuel system components has been altered to include both carburettor and EFI fuel systems and renumbered AURT403145B • AURT217108A Carry out wheel alignment operations has been altered to level 3, altered to light vehicle specific and renumbered AURTLV317108A • AURT301166A Repair engines and associated engine components has been altered to light vehicle specific and is numbered and titled AURTLV301166A Repair engines and associated engine components (light vehicle) • AURT306666A Repair transmissions – manual has been altered to light vehicle specific and is numbered and titled AURTLV306666A Repair transmissions – manual (light vehicle) • AURT307166A Repair transmissions – automatic has been altered to light vehicle specific and is numbered and titled AURTLV307166A Repair transmissions – automatic (light vehicle) • AURT312666A Repair final drive assemblies has been altered to light vehicle specific and is numbered and titled AURTLV312666A Repair final assemblies (light vehicle) • AURT313166A Repair final drive – driveline has been altered to light vehicle specific and is numbered and titled AURTLV313166A Repair final drive – driveline (light vehicle) • AURT315166A Repair steering systems has been altered to light vehicle specific and is numbered and titled AURTLV315166A Repair steering systems (light vehicle) • AURT316166A Repair suspension systems has been altered to light vehicle specific and is numbered and titled AURTLV316166A Repair suspension systems (light vehicle) • AURT422645A Overhaul air conditioning system components has been altered to a level 3 and renumbered AURT322645A • AURT309131 Install hydraulic systems to specified applications - Element 1 has been renamed and Element 2 has been corrected. Unit has been
--	--	---

renumbered AURT309131B

Typographical errors have been corrected in the following units competence:

- AURV230349A, AURT270278A, AURT217865A, AURT415145A, AURT310171A, AURT317172A and AURT216170A

Changes to Qualifications:

- AUR50205 Diploma of Automotive Technology, qualification requirements have been altered to ensure that it is understood that the correct number (12) of units of competence are required to achieve the qualification
- AUR40205 Certificate IV in Automotive Technology has been altered to allow 3 units to be chosen from any RS&R Inventory. Qualification code has been altered to AUR40208
- AUR20405 Certificate II in Automotive Technology – units AURE272003A has been replaced by AURT271781A in the compulsory list of units. Qualification code has been altered to AUR20408

Changes to Qualification Descriptors:

- AUR30305 Certificate III in Automotive Electrical Technology – Unit AURE320666A Repair ignition systems has been added to the compulsory list of units. Qualification code has been altered to AUR30308
- AUR20905 Certificate II in Automotive Vehicle Body (Vehicle Dismantler) – the number of units required from the Vehicle Salvage Group has been reduced from 4 to 3
- AUR20905 Certificate II in Automotive Vehicle Body (Window Tinting) the number of units required from the Vehicle Presentation Group has been reduced from 2 to 1
- AUR20705 Certificate II in Automotive Mechanical (Exhaust Fitting) – unit MEM5.17AB has been replaced by MEM5050B
- AUR30405 Certificate III in Automotive Mechanical Technology (Heavy Vehicle – Mobile Plant) – Unit AURT306170A has been removed from the descriptor and a choice between automatic and/or manual transmission
- AUR30605 Certificate III in Automotive Specialist (Brake) – has been altered to allow a choice of hydraulic and /or air braking units
- AUR30605 Certificate III in Automotive Specialist (Gas Vehicle) – has been altered to ensure all relevant units are undertaken
- AUR30605 Certificate III in Automotive Specialist (Driveline) has been altered to allow a choice between automatic and/or manual transmission
- AUR30405 Certificate III in Automotive Mechanical Technology (Heavy Vehicle Road Transport) – unit AURT306170A has been removed and a choice between automatic and/or manual transmissions
- The following descriptors have been altered due to the alteration/development of motorcycle and light and

		<p>heavy vehicle units of competence:</p> <ul style="list-style-type: none"> ○ AUR30405 Certificate III in Automotive Mechanical Technology <ul style="list-style-type: none"> ▪ Heavy vehicle mobile equipment ▪ Heavy vehicle road transport ▪ Light vehicle ▪ Motorcycle ○ AUR30605 Certificate III in Automotive Specialist <ul style="list-style-type: none"> ▪ Diesel fitting ▪ Diesel fuel ▪ Driveline ▪ Steering and suspension ▪ Transmission
